PROFILE

Possibilities to create something unique and helpful using modern technologies made me excited and passionate about web development.

I am an attentive-to-detail go-getter with a background in Software Testing and a consuming passion for quality.

I believe my curiosity and a strong desire to learn new things will be key assets for building high-quality fully-functional apps.

SKILLS

HTML, CSS, Sass, JavaScript, TypeScript, Mantine, TailwindCSS, React.js, Next.js, Node.js, Express.js, MySQL, Sanity, REST APIs, AWS Cloud, Git, Firebase, Jira, Cypress

EXPERIENCE

Full-Stack Software Developer | Freelance
